

May Executive Committee Meeting - April 24, 2023  
5:30pm @ Copper Still Moonshine Grill

Attendees: Heather, Li, Tom, Tamar, Michael, Tom, John

Due to scheduling reasons, this meeting was held a couple of weeks prior to the May club meeting.

Li worked to get author, Charles Liu, to speak at our upcoming meeting. He will speak and bring some of his books to sell and sign. Heather will promote him in upcoming emails, and will include the costs of the books and Charles's preferred methods of payment. Li has also been in contact with Sandy from the Sedona Red Rock Trail System to potentially speak at one of our upcoming meetings. It was discussed that their organization would speak to us as a fundraiser for them, and would be seeking a monetary donation. It was agreed that the AZ Trailblazers Hiking Club would commit to a donation should they come and speak.

Tom was approached by Element 3 Health, an organization that functions like "Silver Sneakers." They would funnel potential members to our club. Tom is working on obtaining additional information from them.

Tom and Tamar are going to set up a time to go to Chase Bank together. This is who our club banks with, and they need us to update some security information in person.

Heather will send out reminders in her weekly email that we are still looking for a replacement for John as a statistician, and for Michael to have a back up as well.

Current club membership is at 152. We are back at our pre-pandemic numbers.
