I. Lin - Announcements

- Carol Bryant was going to speak tonight, but now could not due to a death in the family. Michael prepared a backup slideshow presentation for this evening on “The Wave” and “White Pockets”.
- In September, Cindy will be putting together a “game night” for the club because most of the Executive Committee will be gone. She will be looking for helpers to assist her.
- She advised that she would like to have leaders do some fall color hikes at the end of the year. She is also trying to organize a visit to the Phoenix choir in December. Let her know if you are interested and if there are any other non-hiking ideas to have the club participate in.
- She asked Vicky Johnson to talk about an author that she knows who writes for Phoenix magazine. She will be having an art gallery show coming up in the fall, more information to follow.
- She announced that John King is doing a hike in the San Francisco peaks area in August.
- The North Rim fire was discussed. That area will be closed until sometime in 2026.
